Curriculum Planning Mar 31 2020 The fifth edition of this critically acclaimed approach to curriculum planning continues to receive accolades for its balanced presentation, pertinent case studies, and advice from practicing educators. It skillfully interweaves the themes of multicultural education, constructivism, and education reform. The author documents the latest trends, such as e-learning, blended learning and flipped learning, the controversial Common Core State Standards, and the impact of technology in our schools, including the BYOD (bring your own device) movement, digital citizenship, and technological literacy. This well-researched text spotlights ways to involve parents, students, and teachers in the curriculum-planning process and engages the reader in critical thinking and analysis about curriculum planning and education reform.

The Bricks before Brown Jun 26 2022 In 1954 the U.S. Supreme Court ruled that state laws establishing racial segregation are unconstitutional, declaring “separate is inherently unequal.” Known as a seminal Supreme Court case and civil rights victory, *Brown v. Board of Education* resulted from many legal battles that predicated its existence. Marisela Martinez-Cola writes about the many important cases that led to the culmination of *Brown*. She reveals that the road to *Brown* is lined with “bricks” representing at least one hundred other families who legally challenged segregated schooling in state and federal courts across the country, eleven of which involved Chinese American, Native American, and Mexican American plaintiffs. By revealing the significance of Chinese American, Native American, and Mexican American segregation cases, Martinez-Cola provides an opportunity for an increasingly diverse America to be fully invested in the complete grand narrative of the civil rights movement. To illustrate the evolution of these cases, she focuses on three court cases from California, including these stories as part of the “long civil rights movement,” and thus expands our understanding of the scope of that movement along racial, gender, and class lines. Comparing and discussing the meaning of the other court cases that led to the *Brown* decision strengthens the standing of *Brown* while revealing all the twists and turns inherent in the struggle for equality.

[Black Educational Choice: Assessing the Private and Public Alternatives to Traditional K-12 Public](#)

Schools Jul 28 2022 This important book provides African American parents with the knowledge to diversify K-12 school choices beyond traditional neighborhood public schools in order to optimize the educational chances of their own children, and it will help educators and policymakers to close the black-white academic achievement gap throughout America. • Contributions from distinguished scholars and their apprentices from education and other diverse fields in the social and behavioral sciences

Brand Stretch Feb 08 2021 Stretching the Brand offers practical and actionable advice on how to extend successful brands into new areas without losing sight of the value of the original brand itself. Examples of brand stretching include Dove soap, which has now been extended to the shampoo and

deodorant markets. This book presents a single-minded focus on brand stretching that covers topics not found anywhere else, such as how to launch brand extensions and support them. Stretching the Brand will help companies increase their chances of winning by looking at the lessons learnt from both successes and failure in brand stretching. It provides the tools and techniques to stretch a brand successfully.

Supreme Court Cases on Gender and Sexual Equality, 1787-2001 Aug 05 2020 Appendix C: Bibliography -- Appendix D: Keyword Index -- About the Editor

Reports of Cases Argued and Determined in the Supreme Court of the State of Oregon Sep 25 2019

U.S. Supreme Court Cases on Gender and Sexual Equality Jul 04 2020 This book includes every Supreme Court case relevant to gender and sexual equality from the Court's beginnings in 1787 to the end of the 1999/2000 term. It is a primary document reference book, organized topically in eight chapter civic and social rights and duties; educational policies and instructions; employment and careers; sexual privacy and procreative rights; morality and sexual ethics; family; gender and sexual orientation; and other issues. Every case is included either as a full (edited) version of the majority or per curiam opinion, extensive excerpts of the opinion, or a detailed description of the case. In one book, a researcher can see how American legal history, in its entirety, played out. Back matter includes a table of cases and an extensive bibliography of books and legal periodicals.

School Work Oct 31 2022 This book examines teaching as a gendered occupation from the perspectives of contemporary women teachers (ascertained through interviews and participant observation in two schools), and historical teachers (whose views are constructed through diaries and letters archived in libraries). Equally important, the book examines meanings about teachers that circulate in the culture through fiction, biography, and talk. "Synthetic and well written, with a

fine sense of historical and empirical detail and an equally fine sense of what is at stake politically and educationally in education today. The book is an important contribution to our understanding of gender relations in education.” —Michael W. Apple, The University of Wisconsin-Madison “This book is a valuable contribution to our understanding of the way conceptions of gender have shaped school practices.” —Kathleen Weiler, Tufts University “Biklen’s qualitative sources provide rich insights and her blend of sociology and history offers a fresh conceptual approach.” —History of Education Quarterly
