If you've ever tried to write a story of your own, you know it's not as easy as it looks. Words get tangled, pencils get broken, after a while you'll do anything just to distract yourself! The Story of a Story follows a boy with just the same problem as

he struggles to find inspiration and get his words flowing. He tries everything, scribbling, scrawling, and crumbling pages. He reads stories he loves and eats a cookie reaaaaaally slowly, just to pass the time. But just when he's about to give up hope, he sees a little chickadee collecting seeds outside his window. He admires its concentration and commitment as it picks away, one seed at a time, determined and unstoppable. The boy knows this is what it takes to create something special, so he comes back to his desk and writes just one word, and then another.

**The Beak of the Finch** May 08 2020 PULITZER PRIZE WINNER • A dramatic story of groundbreaking scientific research of Darwin's discovery of evolution that "spark[s] not just the intellect, but the imagination" (Washington Post Book World). "Admirable and much-needed.... Weiner's triumph is to reveal how evolution and science work, and to let them speak clearly for themselves."—The New York Times Book Review On a desert island in the heart of the Galapagos archipelago, where Darwin received his first inklings of the theory of evolution, two scientists, Peter and Rosemary Grant, have spent twenty years proving that Darwin did not know the strength of his own theory. For among the finches of Daphne Major, natural selection is neither rare nor slow: it is taking place by the hour, and we can watch. In this remarkable story, Jonathan Weiner follows these scientists

as they watch Darwin's finches and come up with a new understanding of life itself. *The Beak of the Finch* is an elegantly written and compelling masterpiece of theory and explication in the tradition of Stephen Jay Gould.

**Your Story, My Story** Apr 18 2021 From the award-winning author of *The Friendship* comes a shattering, brilliantly inventive novel based on the volatile true love story of literary icons Sylvia Plath and Ted Hughes. In 1963 Sylvia Plath took her own life in her London flat. Her death was the culmination of a brief, brilliant

life lived in the shadow of clinical depression--a condition exacerbated by her tempestuous relationship with mercurial poet Ted Hughes. The ensuing years saw Plath rise to martyr status while Hughes was cast as the cause of her suicide, his infidelity at the heart of her demise. For decades, Hughes never bore witness to the truth of their marriage--one buried beneath a mudslide of apocryphal stories, gossip, sensationalism, and myth. Until now. In this mesmerizing fictional work, Connie Palmen tells his side of the story, previously untold, delivered in Ted Hughes's own uncompromising voice. A brutal and lyrical confessional, *Your Story, My Story* paints an indelible picture of their seven-year relationship--the soaring highs and profound lows of star-crossed soul mates bedeviled by their personal demons. It will forever change the way we think about these two literary icons.

*Story of Life* Aug 23 2021 At first, nothing lived on Earth. It was a noisy, hot, scary place. Choking gas exploded from volcanoes and oceans of lava bubbled around the globe... Then in the deep, dark ocean, something amazing happened. This is an exciting and dramatic story about how life

began and developed on Planet Earth, written especially for younger children. The authors explain how the first living cell was created, and how the cells multiply and create jellyfish and worms, and then fish with bendy necks, which drag themselves out of the water into swampy forests. They tell the story of the biggest creatures that have ever walked on land - the dinosaurs. Long after that, hairy creatures who have babies, not eggs, take over, stand on two legs and spread around the world, some of them living through cataclysmic events such as ice ages and volcanic eruptions. Everyone living today is related to these survivors. With delightful illustrations including lots of detail and humour, all carefully researched and checked, this book shows the development of life on Earth in a truly accessible and simple way. [The Story of China](#) Feb 03 2020 'A learned, wise, wonderfully written single volume history of a civilisation that I knew I should know more about' Tom Holland 'Masterful and engrossing...well-paced, eminently readable and well-timed. A must-read for those who want - and need - to know about the China of yesterday, today and tomorrow' Peter Frankopan China's story is extraordinarily rich and dramatic. Now Michael Wood, one of the UK's pre-eminent historians, brings it all together in a major new one-volume history of China that is essential reading for anyone who wants to understand its burgeoning role in our world

today. China is the oldest living civilisation on earth, but its history is still surprisingly little known in the wider world. Michael Wood's sparkling narrative, which mingles the grand sweep with local and personal stories, woven together with the author's own travel journals, is an enthralling account of China's 4000-year-old tradition, taking in life stationed on the Great Wall or inside the Forbidden City. The story is enriched with the latest archaeological and documentary discoveries; correspondence and court cases going back to the Qin and Han dynasties; family letters from soldiers in the real-life Terracotta Army; stories from Silk Road merchants and Buddhist travellers, along with memoirs and diaries of emperors, poets and peasants. In the modern era, the book is full of new insights, with the electrifying manifestos of the feminist revolutionaries Qiu Jin and He Zhen, extraordinary eye-witness accounts of the Japanese invasion, the Great Famine and the Cultural Revolution under Chairman Mao, and fascinating newly published sources for the great turning points in China's modern history, including the Tiananmen Square crisis of 1989, and the new order of President Xi Jinping. A compelling portrait of a single civilisation over an immense period of time, the book is full of intimate detail and colourful voices, taking us from the desolate Mongolian steppes to the ultra-modern world of Beijing, Shanghai and Hong Kong. It also asks what were

the forces that have kept China together for so long? Why was China overtaken by the west after the 18th century? What lies behind China's extraordinary rise today? The Story of China tells a thrilling story of intense drama, fabulous creativity and deep humanity; a portrait of a country that will be of the greatest importance to the world in the twenty-first century.

*A Story About Cancer With a Happy Ending* Mar 06 2020

When visiting a hospital in Montreal, Quebec, a few years ago, best-selling author India Desjardins met a 10-year-old girl with leukemia. The girl told her she that she was fed up. All the stories about children like her who had cancer had sad endings, so she didn't want to read them. She asked India to write a story about cancer with a happy ending instead, one with laughter and romance. India did, and the story became this book. I think about everything I'll miss if they tell me I'm going to die...my mom, my dad, my sister, cookies, TV shows I'll never get to see the end of, walking outside when it's really nice, the smell of autumn, the starry sky on a full moon, my grandparents, my grandpa's lasagna, kissing Victor, Victor's eyes, Victor's voice, Victor's smell, Victor's hands...Victor. A teenage girl heads towards the hospital waiting room where the doctors are going to tell her how much time she's got to live. As she walks, she thinks about her journey up to this point...the terrible decor in the hospital, wearing a headscarf,

the horrible treatments, but also being with her friends, family, and her new boyfriend Victor. While this story has a happy ending, the girl offers an honest account of what it feels like to be a teenager with cancer. Like how she just wants everyone to treat her like a normal person and stop telling her how strong she is—especially her mom. And how, even though everyone is telling her to stay positive, she sometimes loses hope and even wants to die to make the pain go away. Dreamlike illustrations elegantly convey the emotional complexities. Like the girl in this story, the girl that India met at the hospital is now cured. She also fell in love during her illness. Today, around eight out of ten children who are diagnosed with cancer are cured. This story was written to give any child who has cancer hope. *La La La* Dec 27 2021 "Kim has created sumptuous images.
