Regeneration Jan 28 2020 *Craiglockhart War Hospital, Scotland, 1917, where army psychiatrist William Rivers is treating shell-shocked soldiers. Under his care are the poets Siegfried Sassoon and Wilfred Owen, as well as mute Billy Prior, who is only able to communicate by means of pencil and paper. Rivers's job is to make the men in his charge healthy enough to fight. Yet the closer he gets to mending his patients' minds the harder becomes every decision to send them back to the horrors of the front. Regeneration is the classic exploration of how the traumas of war brutalised a generation of young men. The first book in the Regeneration trilogy*

Model Rules of Professional Conduct Mar 31 2020 *The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.*

Microeconomics: An Intuitive Approach Jul 28 2022 *Examine microeconomic theory as a way of looking at the world with MICROECONOMICS: AN INTUITIVE APPROACH, 2E. Using a conversational writing style, everyday examples and outstanding graphs, this book sets a new standard for clarity and rigor without requiring any background in calculus. The author builds on the foundation of individual behavior, showing readers the larger context of economic intuition while developing conceptual thinking skills with carefully written analysis. The first chapters establish a set of tools that prepare the reader to understand supply, demand and equilibrium. The text offers unprecedented flexibility in topical coverage with four distinct paths through the topics. Readers can follow a non-game theory path through microeconomics, a path emphasizing game theory, a path emphasizing policy issues or a path focused on business. Huangdi Neijing Mar 24 2022 *Neijing is traditional Chinese medicine; it encompasses all the central tenets of Chinese medicine practised today. Neijing zhiyao, in two volumes, compiled by Li Zhongzi of the Ming dynasty, was carefully proofread by Xue Shengbai of the Qing dynasty. Among the hundred or so annotated editions of Neijing Suwen and Lingshu that appeared in different formats and styles in previous generations, only Neijing zhiyao compiled by Mr. Li Nianer of the Ming dynasty is the most succinct but pithy. — from Sibu Zonglu Yiyaobian*

Immunisation against infectious diseases Sep 29 2022 *This is the third edition of this publication which contains the latest information on vaccines and vaccination procedures for all the vaccine preventable infectious diseases that may occur in the UK or in travellers going outside of the UK, particularly those immunisations that comprise the routine immunisation programme for all children from birth to adolescence. It is divided into two sections: the first section covers principles, practices and procedures, including issues of consent, contraindications, storage, distribution and disposal of vaccines, surveillance and monitoring, and the Vaccine Damage Payment Scheme; the second section covers the range of different diseases and vaccines.*

Leviathan Oct 31 2022 *Written by one of the founders of modern political philosophy, Thomas Hobbes, during the English civil war, Leviathan is an influential work of nonfiction. Regarded as one of the earliest examples of the social contract theory, Leviathan has both historical and philosophical importance. Social contract theory prioritizes the state over the individual, claiming that individuals have consented to the surrender of some of their freedoms by participating in society. These surrendered freedoms help ensure that the government can be run easily. In exchange for their sacrifice, the individual is protected and given a place in a steady social order. Articulating this theory, Hobbes argues for a strong, undivided government ruled by an absolute sovereign. To support his argument, Hobbes includes topics of religion, human nature and taxation. Separated into four sections, Hobbes claims his theory to be the resolution of the civil war that raged on as he wrote, creating chaos and taking causalities. The first section, *Of Man* discusses the role human nature and instinct plays in the formation of government. The second section, *Of Commonwealth* explains the definition, implications, types, and rules of succession in a commonwealth government. *Of a Christian Commonwealth* imagines the religion's role government and societal moral standards.*

Finally, Hobbes closes his argument with *Of the Kingdom of Darkness*. Through the use of philosophical theory and historical study, Thomas Hobbes attempts to convince citizens to consider the cost and reward of being governed. Without an understanding of the sociopolitical theories that keep government bodies in power, subjects can easily become complicit or allow society to slip into anarchy. Created during a brutal civil war, Hobbes hoped to educate and persuade his peers. Though *Leviathan* was a work of controversy in its time, Hobbes' theories and prose has survived centuries, shaping the ideas of modern philosophy. This edition of *Leviathan* by Thomas Hobbes is now presented with a stunning new cover design and is printed in an easy-to-read font. With these accommodations, *Leviathan* is accessible and applicable to contemporary readers.

Contractor's Guide to the Building Code Sep 17 2021 Don't let your jobs be held up by failing code inspections. Smooth sign-off by the inspector is the goal, but to make this ideal happen on your job site, you need to understand the requirements of latest editions of the International Building Code and the International Residential Code. Understanding what the codes require can be a real challenge. This new, completely revised Contractor's Guide to the Building Code cuts through the legalese of the code books. It explains the important requirements for residential and light commercial structures in plain, simple English so you can get it right the first time.

Great Expectations Oct 19 2021 Raised in squalor in the marsh country of Kent, the orphan Pip is taken under the wing of the eccentric and reclusive Miss Havisham--only to blindly give his heart to the dowager's beautiful but ice-cold adopted daughter, Estella. Even as a mysterious benefactor helps to shape Pip's life into one of fortune, success, and self-discovery, the unspeakable secrets of his unrequited love continue to haunt him--and promise to change his life once again. With its indelible cast of characters, immersive epic narrative, and startling dramatic twists, Charles Dickens's powerful classic continues to enthrall generations of new readers.

Genesis for Everyone Feb 29 2020 Following on the heels of the successful New Testament for Everyone commentaries by acclaimed scholar and author N. T. Wright, Westminster John Knox is pleased to announce the first volumes in the all new Old Testament for Everyone Bible commentary series. John Goldingay, an internationally respected Old Testament scholar, authors this ambitious series, treating every passage of Scripture from Genesis to Malachi, addressing the texts in such a way that even the most challenging passages are explained simply and concisely. Perfect for daily devotions, Sunday school prep, or brief visits with the Bible, the Old Testament for Everyone series is an excellent resource for the modern lay reader. The book of Genesis is a lively read featuring familiar biblical tales such as the creation of the world, Adam and Eve and the forbidden fruit, Noah and the flood, Abraham and Isaac, Jacob and Joseph, the Tower of Babel, and Sodom and Gomorrah. While readers may know the facts of these stories, Goldingay's work will instill in them a deeper understanding of their spiritual and theological significance. True to the For Everyone series' goal, Goldingay writes in a thoroughly accessible and engaging style with chapter titles

such as "Friday Lunchtime," "Bigamy, Music, Technology, Murder," "Babylon becomes Babble-on," "Stuff Happens," and "Two Guys Who Need Their Heads Banged Together."

Going out in Daylight - prt m hrw Jul 16 2021 First full illustrated translation with Egyptian transliteration, aiming to present with their individual histories all the compositions on prt m hrw "Book of the Dead" papyri from the New Kingdom to Ptolemaic Period. The volume gives at least one version of every written composition, together with one or more images for the essential pictorial component of all writings for which illustrations are known. Writings at the margins or outside the prt m hrw corpus, including all ascribed "Book of the Dead" numbers in Egyptological publications, are included in the final section. The translations are supported by a thematic and historical introduction and closing glossary.

Multimodal Usability Aug 05 2020 This preface tells the story of how Multimodal Usability responds to a special challenge. Chapter 1 describes the goals and structure of this book. The idea of describing how to make multimodal computer systems usable arose in the European Network of Excellence SIMILAR - "Taskforce for cre- ing human-machine interfaces SIMILAR to human-human communication", 2003- 2007, www.similar.cc. SIMILAR brought together people from multimodal signal processing and usability with the aim of creating enabling technologies for new kinds of multimodal systems and demonstrating results in research prototypes. Most of our colleagues in the network were, in fact, busy extracting features and guring out how to demonstrate progress in working interactive systems, while claiming not to have too much of a notion of usability in system development and evaluation. It was proposed that the authors support the usability of the many multimodal pro- types underway by researching and presenting a methodology for building usable multimodal systems. We accepted the challenge, rst and foremost, no doubt, because the formidable team spirit in SIMILAR could make people accept outrageous things. Second, h- ing worked for nearly two decades on making multimodal systems usable, we were curious - curious at the opportunity to try to understand what happens to traditional usability work, that is, work in human-computer interaction centred around tra- tional graphical user interfaces (GUIs), when systems become as multimodal and as advanced in other ways as those we build in research today.

Beweisrecht in Der Europäischen Union Mar 12 2021 This important book, the fifth in the Civil Procedure in Europe series, provides a comparative overview, of 13 EU countries and Switzerland, on the law of evidence. Each country's practice in this area is described and analysed by a national expert distinguished in the field of civil procedural law. The contributions are written in either English, French or German, and are followed by summaries in both remaining languages. Bibliographies are included to enable the reader to locate material for further study. A comparative contribution by the editor, Professor Jose Lebre de Freitas, analyses the similarities and differences between the various European systems. Furthermore, the editor discusses attempts to harmonise the law of evidence in Europe and

provides concrete suggestions for a future harmonisation or unification of this area of law. The countries covered are Austria, Belgium, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, The Netherlands, Portugal, Spain, Sweden and Switzerland.
