EMQs for MRCOG Oct 29 2019 The Royal College of Obstetrics and Gynaecologists has recently introduced extended matching questions (EMQs) into the format of their MRCOG Part 1 exam. All candidates need to sit this exam and therefore need to be well rehearsed in the art of answering such EMQs. This book gives the candidate 300 practice EMQs with answers and explanations for these answers. It is divided into 3 sections. The first section provides the essential knowledge each candidate must have - it deals with anatomy, physiology, embryology, endocrinology, epidemiology, molecular biology and genetics, all highly relevant in the RCOG syllabus. This information is supplied with the help of useful figures and illustrations which are included to assist greater understanding and help the candidate revise. Section two contains 300 questions, grouped in clusters per topic, and section three provides the answers, along with the relevant reasons for them. Dr Prabha Sinha is herself an examiner for the DRCOG and MRCOG Part 2 exam, and is therefore the perfect choice for supplying the requisite information in this book. Along with her two colleagues, she has produced an excellent revision guide that will be an invaluable resource for all MRCOG candidates.

EMQ's for the MRCOG Part 2 in Gynaecology Sep 20 2021 In 2011 the format of the Part 2 MRCOG written examination changed, the number of EMQs increased from 40 to 90. EMQs now make up 40% of overall marks. Therefore it is crucial that a candidate has experience and practice in answering them beforehand. This book is a perfect introduction to the Part 2 MRCOG exam. It is a

companion to the earlier publication from the same authors, EMQs FOR MRCOG PART 2 IN Gynaecology. It features 160 questions covering the subject of gynaecology, and is primarily based on guidelines published by the RCOG, the National Institute for Health and Clinical Excellence (NICE) and the most up-to-date research and consensus. The book contains evidence-based answers, so candidates will find them easy to understand. All the questions are based on real clinical scenarios commonly encountered in day-to-day clinical practice - outpatient clinics, acute admissions from accident and emergency, and labour wards. Full details about the exam itself are available on the RCOG website. This book follows the established format; just choose the most appropriate answer for each question. It is important to read the statements carefully to identify the theme and then select the most relevant and appropriate answer. This book will coach students to answer EMQs effectively. It is a must read for Part 2 MRCOG exam revision.

MRCOG Aug 08 2020 This title includes Foreword by David Taylor, Professor and Vice Dean of Leicester Medical School. Preparing for the Part 2 MRCOG examination remains a daunting and complex task, particularly as learning and revision often need to fit around clinical commitments. Much has been written about how to prepare for and pass exams, yet it remains surprising how often well-read candidates provide unsatisfactory answers in areas which they know well. Clearly, a sound understanding of the topic area is essential, but deeper knowledge also increases uncertainty, and the vast developments in the field mean that proficiency in all areas is next to impossible. Thus a critical point for postgraduate candidates, who more often than not will prepare for the examination in isolation, is to develop a real understanding of what the examination is meant to assess...This revision aid in obstetrics and gynaecology is based on the Extended Matching Question format (EMQ). It contains forty-two questions of varying degrees of difficulty, along with detailed answers. "MRCOG Part 2 Essential EMQs" is an indispensable study and revision aid for postgraduate medical students preparing for Part 2 of the Membership of the Royal College of Gynaecologists (MRCOG) examination or equivalent. "The number of published revision aids including this question format in postgraduate Obstetrics and Gynaecology remains limited. With this book we wanted to produce a comprehensive selection of EMQ, covering broad areas relevant to the speciality, which would be useful those preparing for

postgraduate examinations at Part 2 MRCOG level or equivalent." - Marwan Habiba, Andrea Akkad, Justin Konje.

Complete Revision Guide for MRCOG Part 3 Jan 25 2022 The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 3 examination now consists of 14 tasks, each covering one of the 14 core modules in the curriculum and assessing specific skills which may include all or some of Information Gathering, Communication with Patients and Families, Communication with Colleagues, Patient Safety, and Applied Clinical Knowledge. This invaluable resource consists of analyses of different aspects of what is being tested, with general advice on how to prepare for the examination and discussion of the reasons why trainees fail the examination. There follow four sample 'papers' of tasks; in each of them, attempts have been made to cover all 14 modules in the core curriculum. There is also an additional paper with random tasks to help with preparation.

Tasks for Part 3 MRCOG Clinical Assessment Nov 22 2021 Tasks for Part 3 MRCOG Clinical Assessment is a key resource for the new Part 3 MRCOG examination.
