**OSF DCE User's Guide and Reference** Feb 02 2020 Since much of DCE is software for supporting the development and execution of distributed applications, most of the DCE documentation is targeted for application programmers and administrators rather than end users. However, some parts of DCE are actually distributed applications -- for example, the DCE Distributed File Service and the Access Control List facility of the DCE Security Service -- and are therefore seen at the end-user level. This guide thus presents task and reference material for the DCE end-use.
