The Rebel Suffragette Jun 25 2019 The suffragette movement swept the country in the late 19th and early 20th centuries. Led by the Pankhurst's, the focus of the movement was in London with demonstrations and rallies taking place across the capital. But this was a nationwide movement with a strong northern influence with Edith Rigby being an ardent supporter. Edith was a controversial figure, not only was she was the first woman to own and ride a bicycle in her home town but she was founder of a school for girls and young women. Edith followed the example of Emmeline Pankhurst and her supporters and founded the Preston branch of the Women's Social and Political Union. She was found guilty of arson and an attempted bomb attack in Liverpool following which she was incarcerated and endured hunger strike forming part of the 'Cat and Mouse' system with the government. During a political rally with Winston Churchill Edith threw a black pudding at a MP. There are many tales to tell in the life of Edith Rigby, she was charismatic, passionate, ruthless and thoroughly unpredictable. She was someone who rejected the accepted notion of what a woman of her class should be the way she dressed and the way she ran her household but she was independent in mind and spirit and always had courage in her own convictions. As a suffragette, she was just as effective and brave as the Pankhurst women. This is the story of a life of a lesser known suffragette. This is Edith's story.

Calling the Play Aug 27 2019 Samantha Kane's Birmingham Rebels series shows that three's not a crowd for these sexy football all-stars who give teamwork a new meaning. Quarterback Tyler Oakes plays hard and parties even harder. That reckless lifestyle nearly derailed his career, and now the Birmingham Rebels are Ty's last shot to make it in the NFL. But staying out of trouble can take its toll, especially for one of the league's only openly bisexual players. And when he meets curvy, gorgeous Randi McInish—well, she's just the kind of trouble he'd like to get into. A tough-as-nails cop working undercover, Randi meets her match in Ty. After they get caught up in a drug bust and a high-speed car chase, Randi's eager to take the notorious bad boy for another wild ride. Turns out Ty's working from the same play book. But when he introduces her to Brian, the Rebels' sexy new quarterback coach, things start going a little too fast for Randi. Brian Mason

coached Ty in college, and boy do they have history together. With Brian taking control on the field and in the bedroom, they were an unstoppable team. But Brian, blindsided by love, ran from his feelings for Ty. He won't make the same mistake again; and he won't let Randi make it either. Both men agree they need more than each other. They need a woman like Randi, who's not afraid to call things like she sees them. But between coach and player, have they got the moves to convince her to stay? Calling the Play is intended for mature audiences. *Previously Published Don't miss any of Samantha Kane's steamy Birmingham Rebels novels: [BROKEN PLAY](#) | [CALLING THE PLAY](#) | [JACKED UP/MISCONDUCT](#)

Canon Lenses Jan 31 2020 Lenses are a considerable investment for any photographer and require understanding their features and a making plan for purchase. You might buy several camera bodies, but quality lenses should last a lifetime! You need a book that goes beyond the camera manuals to teach you how to select and use Canon lenses to take great shots. This guide by pro photographer Jerod Foster will help you conquer the fundamentals and capture stunning pictures. Foster starts with the basics of using different lenses in the Canon lineup—from kit, to wide angle, to telephoto, to zoom, and more, to understand what they do and how their features affect your images. He discusses factors such as depth of field, perspective, and compression and which types of lenses are right for your style of shooting. Whether it's portraits, landscapes, or street photography, you will have a better understanding of your equipment and understand your choices for investing in lenses. Beautifully illustrated with large, compelling photos, this book teaches you how to take control of your photography to get the image you want every time you pick up the camera.

Mastering Canon EOS Flash Photography, 2nd Edition Oct 10 2020 In this updated, second edition of the authoritative, bestselling *Mastering Canon EOS Flash Photography*, photographer NK Guy brings the book fully up to date, with coverage of all the newest Canon gear that has hit the market since the first edition published in 2010. This includes coverage of the radio-enabled Canon Speedlite 600EX-RT and Canon Speedlite Transmitter ST-E3-RT, as well as the other Speedlites that have released since the first edition's publication: Canon Speedlite 90EX, 270EX II, 320EX, and 600EX. And this is the first book to cover Canon's new, affordable master unit—the Speedlite 430EX III-RT flash! Digital cameras and flash technology have truly revolutionized photography in the 21st century. Originally seen simply as a practical way to illuminate dark scenes with portable light, flash today is used for a host of creative and nuanced applications, including supplementing daylight, designing complex scenes lit by multiple light sources, and simply creating beautiful, controllable light for portraiture. With LCD screens on DSLRs, the ability to get instant feedback on lighting setups is a great help in advancing one's lighting capabilities and encouraging experimentation. However, flash photography can still be a difficult artistic and technical challenge. It's simple to get that harsh deer-in-the-headlights look from built-in automatic flash, but it is a far cry from beautiful light. Creating natural-looking images is not nearly as straightforward. Mastering the properties of light and the ability to manipulate, craft, and direct it is a lifelong endeavor. Those diving into Speedlights need some help. Manuals are terse and the terminology is confusing—this is where *Mastering Canon EOS Flash Photography* comes in. This is the complete book on the subject, guiding you through Canon's Speedlite system, from off-camera portable flash to professional studio lighting. It covers the fundamentals of flash metering technology, discusses key lighting concepts, and documents a wide range of Canon and third-party equipment. Universal flash accessories, studio gear, and radio triggers are all thoroughly covered. The book is lavishly illustrated with diagrams that demonstrate important functions and lighting arrangements, and inspiring photos that show sophisticated flash techniques. Though tailored for users of Canon EOS cameras, owners of other camera systems will find much valuable information as well. So, whether you're just getting started with flash, or you've picked up the bug for off-camera lighting from such popular websites as Strobist.com, or you're making the leap into advanced studio work, *Mastering Canon EOS Flash Photography* is your in-depth resource. Includes a foreword by David

Hobby, noted photojournalist and founder of Strobist.com.

Star Wars: Smuggler's Guide Jul 27 2019 Part of the bestselling Jedi Path series by Daniel Wallace, *Star Wars®: Smuggler's Guide* reveals previously untold stories of the galaxy's underworld. Recovered from a strongbox on the Millennium Falcon, this guide started as a simple logbook with a piece of valuable information. But it was soon stolen, traded, and smuggled around the outer rim and shady ports, until it ultimately ended up in the hands of the outlaw Han Solo. • The infamous logbook passed through the hands of such notorious characters as Maz Kanata, Hondo Ohnaka, Drydon Vos, and Lando Calrissian • With each pirate, thief, gambler, and criminal who took possession of the book, new insights and details were added • The result is a coveted collection of hidden treasure locations, advice, and hard-earned data A must-have handbook to the galaxy's underworld, *Star Wars®: Smuggler's Guide* is a crucial and hugely entertaining read for fans seeking a deeper understanding of the saga. Readers explore the checkered pasts of the galaxy's smugglers, thieves and pirates, with numerous tie-ins to the films. • Reveals secrets and other juicy morsels of new information in the *Star Wars®* lore • Perfect gift for *Star Wars®* fans of all ages who are eager to learn more about the *Star Wars®* universe • Great for those who loved *Star Wars: The Visual Encyclopedia* by Adam Bray, *Star Wars Encyclopedia of Starfighters and Other Vehicles* by Landry Q. Walker, and *Star Wars: 5-Minute Star Wars Stories* by Disney Lucasfilm Press © & TM LUCASFILM LTD. Used Under Authorization.
