Inside 10 Rillington Place Jun 22 2019 During the 1940s and 1950s John Christie, an English serial killer and necrophile from Halifax, murdered at least eight people - including his wife, Ethel - by strangling them in his flat at 10 Rillington Place, Notting Hill, London. Two further bodies were found wrapped in a tablecloth in the washhouse behind 10 Rillington Place - those of Beryl Evans and her baby daughter Geraldine. They were his lodgers. In 1939 Beryl Thorley, then 19, married Timothy

Evans. Baby Geraldine followed quickly and, determined to stand on their own two feet, the couple rented a room from John Christie and his wife Ethel, at 10 Rillington Place, not knowing how fatal this would prove. Over the years this case has sparked huge controversy surrounding the question of who actually killed Beryl and Geraldine. Now, more than 50 years later, Peter Thorley, Beryl's youngest brother, is ready to tell his story. With first-hand knowledge of the real horror of life inside 10 Rillington Place, it is time to set the record straight. Peter has collected unseen evidence, never released crime scene photos and statements to the police. This is the shocking true story of the crimes and horror of life with John Christie, Timothy Evans and 10 Rillington Place.

International Criminal Justice May 02 2020

International criminal justice indeed is a crowded field. But this edited collection stands well above the crowd. And it does so with dignity. Through interdisciplinary analysis, the editors skillfully turn shibboleths into intrigues. There is a kaleidoscopic project that scales a gamut of issues: from courtroom discipline, to gender, to the defense, to history. Through vivid deployment of unconventional methods, this edited collection unsettles conventional wisdom. It thereby pushes law and policy toward heartier horizons. ð Mark A. Drumbl, Washington and Lee University, School of Law, US International criminal justice as a discipline throws up numerous conceptual issues, engaging disciplines such as law, politics, history, sociology and psychology, to name but a few. This book addresses themes around

international criminal justice from a mixture of traditional and more radical perspectives. While law, and in particular international law, is at the heart of much of the discussion around this topic, history, sociology and politics are invariably infused and, in some aspects of international criminal justice, are predominant elements. Fundamentally the exploration concerns questions of coherence and legitimacy, which are foundational to both the content and application of the discipline, and the book charts an illuminating path through these diverse perspectives. The contributions in this book come from some of the eminent scholars and practitioners in the area, and will provide some profound insight into and an enriched understanding of international criminal justice, helping to advance the field of study. This ambitious and necessary book will appeal to academics and students of international criminal law, international criminal justice, international law, transitional justice and comparative

criminal law, as well as practitioners of international criminal law.

The Needed Balances in EU Criminal Law

Sep 25 2019 This important volume provides an up-to-date overview of the main questions currently discussed in the field of EU criminal law. It makes a stimulating addition to literature in the field, while offering its own distinctive features. It takes a four-part approach: firstly, it addresses issues of a constitutional nature, such as the EU competence in the field of criminal law, the importance of the principle of subsidiarity and the role played by the different EU institutions. Secondly, it looks at issues linked to the quest of the right balance between diversity and unity, and focuses in particular on the special relationship between approximation and mutual recognition. Thirdly, it focuses on the balance between security and freedom, or, in other words, between the shield and sword functions of EU criminal law. Special attention is given here to transatlantic cooperation, data protection, terrorism, the European Arrest Warrant and the European Investigation Order.

Finally, it examines the importance of balanced relations between criminal justice actors.

Foundational Principles of Contract Law

Aug 17 2021 Foundational Principles of Contract Law not only sets out the principles and rules of contract law, it places more emphasis on what the principles and rules of contract law should be, based on policy, morality, and experience. A major premise of the book is that the best way to grasp contract law is to understand it from a critical perspective as an organic, dynamic subject. When contract law is approached in this way it is much easier to grasp and learn than when it is presented simply as a static collection of principles and rules. Professor Eisenberg covers almost all areas of contract law, including the enforceability of promises, remedies for breach of contract, problems of assent, form contracts, the effect of mistake and changed circumstances, interpretation, and problems of performance. Although the emphasis of the book is on the principles and rules of contract law, it

also covers important theories in contract law, such as the theory of efficient breach, the theory of overreliance, the normative theory of contracts, formalism, and theories of contract interpretation.

Showing Remorse Mar 12 2021 Whether or not
wrongdoers show remorse and how they show
remorse are matters that attract great interest
both in law and in popular culture. In capital

trials in the United States, it can be a question of
life or death whether a jury believes that a
wrongdoer showed remorse. And in wrongdoings
that capture the popular imagination, public
attention focuses not only on the act but on
whether the perpetrator feels remorse for what
they did. But who decides when remorse should
be shown or not shown and whether it is genuine
or not genuine? In contrast to previous academic
studies on the subject, the primary focus of this
work is not on whether the wrongdoer meets
these expectations over how and when remorse
should be shown but on how the community
reacts when these expectations are met or not
met. Using examples drawn from Canada, the
United States, and South Africa, the author
demonstrates that the showing of remorse is a
site of negotiation and contention between
groups who differ about when it is to be
expressed and how it is to be expressed. The
book illustrates these points by looking at cases
about which there was conflict over whether the

wrongdoer should show remorse or whether the feelings that were shown were sincere. Building on the earlier analysis, the author shows that the process of deciding when and how remorse should be expressed contributes to the moral ordering of society as a whole. This book will be of interest to those in the fields of sociology, law, law and society, and criminology.
