News That Matters Oct 02 2020 Almost twenty-five years ago, Shanto Iyengar and Donald R. Kinder first documented a series of sophisticated and innovative experiments that unobtrusively altered the order and emphasis of news stories in selected television broadcasts. Their resulting book *News That Matters*, now hailed as a classic by scholars of political science and public opinion alike, is here updated for the twenty-first century, with a new preface and epilogue by the authors. Backed by careful analysis of public opinion surveys, the authors show how, despite changing American politics, those issues that receive extended coverage in the national news become more important to viewers, while those that are ignored lose credibility. Moreover, those issues that are prominent in the news stream continue to loom more heavily as criteria for evaluating the president and for choosing between political candidates. "News That Matters does matter, because it demonstrates conclusively that television newscasts powerfully affect opinion. . . . All that follows, whether it supports, modifies, or challenges their conclusions, will have to begin here."—The Public Interest

Political Science Today Dec 24 2019 Political science has changed; the way students learn has changed; so too should the way it's taught. This is political science, today. Political Science Today by Wendy Whitman Cobb gives you a holistic view of the subfields that make up political science by dedicating one chapter to each of the topics at the core of the discipline. Unlike denser texts on the market, Political Science Today uses a field-based approach that allows you to engage with the material directly and dig into each of the discipline's diverse subfields while also developing critical thinking skills, discerning the differences between politics and political science, conducting and consuming research, and broadening your future career aspirations. The book's innovative table of contents begins with foundational tools like theories and research methods, then builds up to subfield chapters on Comparative Politics, International Relations, American Government, Political Economy, and Public Policy and Administration. Current case studies throughout the text provide a backdrop for engaging classroom discussions on topics such as President Trump's travel ban, ISIS as a state, and strengths and weaknesses of the United Nations. This unique approach provides short segments of topic coverage, plenty of summarizing content and review questions, as well as comprehensive learning objectives which will help you understand the realities of political science today.

American Politics & Government Today Jul 11 2021 "American Politics and Government Today teaches students exactly what they need to know to succeed in the course and become informed citizens. The part structure and chapter organization clearly maps to the five AP® U.S. Government and Politics units, for close alignment with the course framework. In each chapter, integrated policy coverage allows students to see how social, economic, or foreign policy relates to real-life situations, while AP®-style multiple-choice questions and the full range of free response questions offer students practice opportunities at the end of each chapter"--

Ideology and Politics in Britain Today Feb 18 2022 Examining the variety of ideas and values that influence British politics today, in light of how they developed and arrived in their present state, this text considers the future of British politics and what forces may shape further development.

Church and Politics Today Dec 04 2020

Christianity and Power Politics Today Sep 13 2021 This volume aims to reconstruct and debate a contemporary Christian realist framework, while also applying such a perspective to the issues of contemporary politics such as the Bush Doctrine, the laws of war, democracy and democratization, U.S. participation in international institutions, and apocalyptic terrorism.

Gender, Politics, News Aug 12 2021 *Gender, Politics, News: A Game of Three Sides* explores the role of gender in the broader processes of political communication. The only contemporary book focusing on the relationships between gender, politics, and news media which takes a global perspective. An analysis of political journalism as a practice and the development of the field in terms of gendered workplace cultures. Offers a solid framework for understanding women's political representation, including real world case studies of women's campaigns for the top political job across a range of different geographies and contexts. Coverage of hot-button issues, such as political scandal and the role of new and social media in politics and elections, makes this a highly relevant and current work with resonances for a wide audience.

Russia Today and Conspiracy Theories Sep 20 2019 The Russian international media outlet Russia Today (RT) has been widely accused in the Western world of producing government propaganda and conspiracy theories. This book explores for the first time the role that conspiracy theories actually play in the network's broadcasts. More than this, it provides the first ever study of how the Russian government engages with conspiracy theories in the international arena, with a particular focus on the use of conspiracy theories as an instrument of public diplomacy. RT was established in 2005 to represent Russia to the world, and to present a Russian perspective on global events. Whilst some of RT's more overtly conspiratorial output has been taken off the air, the network remains a source of significant concern for governments and intelligence agencies in Europe and North America. Now, more than ever, policymakers, journalists, academics, and intelligence services alike seek to understand the role RT plays in the Russian government's foreign policy agenda. The authors use RT as a case study to investigate how global communication technologies influence the development and dissemination of conspiracy theories, which are also an important component of the post-Soviet Russian intellectual landscape and Kremlin-sponsored political discourse. This book will appeal to students and scholars of Politics and International Relations, Russian Studies, and Conspiracy Theories.

California Government and Politics Today Jul 31 2020

California Government and Politics Today Oct 26 2022 For courses in California government A practical, contemporary overview of California politics California Government and Politics Today explains California's ever-changing political situation in the context of social and economic trends. As in previous editions, author Mona Field focuses on the state's ethnic and cultural diversity as well as the global economy's impact on California (and vice versa). In addition, she helps students to view political involvement as an essential component of achieving the California Dream. The Fifteenth Edition includes updated data and coverage of contemporary issues, including contrasts between California and the nation after the 2016 presidential election. NOTE: This ISBN is for a Pearson Books a la Carte edition: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook.

Aristotle's Politics Today May 29 2020 According to Aristotle, man's essential sociality implies a distinctive conception of politics, one in which all political associations exist for the sake of the moral perfection of human beings. This stands in sharp contrast with the modern view of politics that man is not "by nature" political; rather, man chooses to create political associations for the sake of securing the protection of his life and property. Many political theorists have begun to express doubts about this modern view, calling for a return to Aristotle's vision of a politics that is deeply moral. In *Aristotle's Politics Today*, distinguished political philosophers representing a diversity of approaches examine the meaning, relevance, and implications of Aristotle's political thought for contemporary social and political theory. The contributors engage a broad range of topics, including Aristotle's views on constitutionalism, the extension of Aristotelian ideas to issues in international relations, the place of Aristotelian virtue in modern democratic politics, and Aristotle's conception of justice. Book jacket.

European Politics Today Jan 05 2021 Almond, Gabriel A., Dalton, Russell J., and Powell, Jr., G. Bingham *European Politics Today, 2nd Edition**

Political Warfare Apr 08 2021 "Political Warfare provides a well-researched and wide-ranging overview of the nature of the People's Republic of China (PRC) threat and the political warfare strategies, doctrines, and operational practices used by the Chinese Communist Party (CCP). The author offers detailed and illuminating case studies of PRC political warfare operations designed to undermine Thailand, a U.S. treaty ally, and Taiwan, a close friend"--

American Government and Politics Today Feb 06 2021 The best-selling book published for American Government, AMERICAN GOVERNMENT AND POLITICS TODAY: THE ESSENTIALS helps students experience the excitement that comes from active, informed citizenship in a concisely organized package. Bardes, Shelley, and Schmidt's text is renowned nationwide for its balanced, unbiased, comprehensive, and up-to-date coverage of constitutional, governmental, political, social, and economic structures and processes. The overriding theme is the importance of informed active citizenship. The pedagogy underscores this theme by soliciting critical thinking about political issues and encouraging students to become involved in the political process. With keen awareness of its audience, AMERICAN GOVERNMENT AND POLITICS TODAY: THE ESSENTIALS incorporates current examples, the Internet, and other media to stimulate learning and excitement about American government. This truly interactive text gives students more than reading material—it gives them tools to become good citizens.

Man of Contradictions May 21 2022 From a riverside shack to the presidential palace, Joko Widodo surged to the top of Indonesian politics on a wave of hope for change. However, six years into his presidency, the former furniture maker is struggling to deliver the reforms that Indonesia desperately needs. Despite promising to build Indonesia into an Asian powerhouse, Jokowi, as he is known, has faltered in the face of crises, from COVID-19 to an Islamist mass movement. *Man of Contradictions*, the first English-language biography of Jokowi, argues that the president embodies the fundamental contradictions of modern Indonesia. He is caught between democracy and authoritarianism, openness and protectionism, Islam and pluralism. Jokowi's incredible story shows what is possible in Indonesia – and it also shows the limits.

The Middle East Today Nov 22 2019 The new edition of *The Middle East Today* provides an accessible and comprehensive introductory textbook for undergraduate students of Middle East Studies, Middle East politics and geography. This updated and revised edition features a host of pedagogical features to assist students with their learning, including: detailed maps and images, case studies on key issues, boxed sections and suggestions for further reading. The book highlights the current issues facing the Middle East, linking them to the rich political, geographical and cultural history of the region. The author examines the crises and conflicts, both current and potential, likely to dominate the region in coming years. The second edition has been fully updated and revised to include discussion of such recent events as: the effects of the Arab Spring Turkey's growing influence in the region the dramatic increase in Iran's nuclear capabilities Osama bin Laden's death and declining support for violent extremist movements in the Middle East. Further supplemented by a companion website containing sample chapters, a selection of maps formatted for use in presentations, and annotated links to online resources and websites, *The Middle East Today* is an essential resource for all students of Middle East Studies, Middle East politics and geography.

Black Politics Today Jul 23 2022 The late 1980s ushered in a new era of black politics, the socioeconomic transition era. Coming on the heels of the protest era and politics era, the current stage is characterized by the emergence of a new black middle class that came of age after the Civil Rights struggle. Although class still isn't a strong factor in the external politics of the black community, it is increasingly a wedge issue in the community's internal politics. Black politics today is increasingly less about the interest of the larger group and more about the interest of smaller subgroups within the community. Theodore J. Davis Jr. argues that the greatest threat to the social and political cohesiveness of the so-called black community may be the rise of a socially and economically privileged group among the ranks of black America. This rift has affected blacks' ability to organize effectively and influence politics. Davis traces the changes in economic status, public opinion, political power and participation, and leadership over three generations of black politics. The result is an insightful analysis of black politics today.

Pennsylvania Politics Today and Yesterday Nov 03 2020

India Today Feb 24 2020 Twenty years ago India was still generally thought of as an archetypal developing country, home to the largest number of poor people of any country in the world, and beset by problems of low economic growth, casteism and violent religious conflict. Now India is being feted as an economic power-house which might well become the second largest economy in the world before the middle of this century. Its democratic traditions, moreover, remain broadly intact. How and why has this historic transformation come about? And what are its implications for the people of India, for Indian society and politics? These are the big questions addressed in this book by three scholars who have lived and researched in different parts of India during the period of this great transformation. Each of the 13 chapters seeks to answer a particular question: When and why did India take off? How did a weak state promote audacious reform? Is government in India becoming more responsive (and to whom)? Does India have a civil society? Does caste still matter? Why is India threatened by a Maoist insurgency? In addressing these and other pressing questions, the authors take full account of vibrant new scholarship that has emerged over the past decade or so, both from Indian writers and India specialists, and from social scientists who have studied India in a comparative context. *India Today* is a comprehensive and compelling text for students of South Asia, political economy, development and comparative politics as well as anyone interested in the future of the world's largest democracy.

Abortion Law and Politics Today Mar 19 2022 Women's needs are placed at the centre of this collection. The contributors discuss the extent to which the contemporary legal framework on abortion matches the needs of women faced with unwanted pregnancy. The book contains sections on Britain, including an account of the campaign to legalize abortion, written by those centrally involved with that campaign; international comparisons of abortion law, with chapters on France, the United States, Ireland and Poland; and chapters covering contemporary debates, including men's rights in abortion and abortion for foetal abnormality.

Comparative Politics Today Aug 20 2019 This introduction to comparative politics contains theoretical chapters that explore the 'purpose of government'. The theoretical section is followed by 12 individual country studies.

Studying Politics Today Jan 17 2022 This book examines what political scientists are studying - and how they are doing it - in ways that could improve our world. It features scholars in political science and related fields, who are engaged in research that is more politically relevant than the work that continues to dominate the larger discipline. Their shared commitment "to make the study of politics relevant to the struggle for a better world" represents the continuing legacy of the Caucus for a New Political Science, founded in 1967, and the perestroika movement that began in 2000. Both have challenged the defining commitments of political science as a discipline to narrow, parochial, and apolitical approaches to the study of politics. Although the balance of disciplinary critique and alternative approach varies from chapter to chapter, all of the authors included here offer innovative and progressive perspectives on the study of politics today. Topics include: critiques of mainstream political science methods and models; redefinitions of key concepts and major institutions; reconstructions of the borders, subjects, and spaces of politics; and reflections on the ethical commitments of scholars and scholarly journals. This book was published as a special issue of *New Political Science: A Journal of Politics and Culture*.

American Government and Politics Today, Enhanced Brief Nov 15 2021 Issues like COVID-19, Black Lives Matter, police brutality, trade wars and cyberattacks add to the complexity of the U.S. political system. Schmidt/Shelley/Bardes' *AMERICAN GOVERNMENT AND POLITICS TODAY, ENHANCED BRIEF* 11th edition helps you make sense of it all while learning to be an informed citizen and active participant in the political process. A colorful design and current political news and analysis make this an ideal resource to explain fundamentals of the U.S. government and its intricate political system and how they impact your life -- now and in the future. Extremely reader-friendly, the book has been praised for its brevity, balanced coverage and clarity. Digital course solutions MindTap and Infuse are available.

Devolution in Britain Today Sep 01 2020 Devolution in Britain today provides a comprehensive analysis of both the historical development and current state of devolved government. The book is written in a clear and accessible style for students either encountering devolution for the first time or for those who need to explore the subject area in greater detail.

Political Ideology Today May 09 2021 Examines the tenets of liberalism, socialism, conservatism, Marxism, anarchism, and fascism.

Border and Rule Jun 29 2020 In *Border and Rule*, one of North America's foremost thinkers and immigrant rights organizers delivers an unflinching examination of migration as a pillar of global governance and gendered racial class formation. Harsha Walia disrupts easy explanations for the migrant and refugee crises, instead showing them to be the inevitable outcomes of the conquest, capitalist globalization, and climate change that are generating mass dispossession worldwide. *Border and Rule* explores a number of seemingly disparate global geographies with shared logics of border rule that displace, immobilize, criminalize, exploit, and expel migrants and refugees. With her keen ability to connect the dots, Walia demonstrates how borders divide the international working class and consolidate imperial, capitalist, and racist nationalist rule. Ambitious in scope and internationalist in orientation, *Border and Rule* breaks through American exceptionalist and liberal responses to the migration crisis and cogently maps the lucrative connections between state violence, capitalism, and right-wing nationalism around the world. Illuminating the brutal mechanics of state formation, Walia exposes US border policy as a product of violent territorial expansion, settler-colonialism, enslavement, and gendered racial ideology. Further, she compellingly details how Fortress Europe and White Australia are using immigration diplomacy and externalized borders to maintain a colonial present, how temporary labor migration in the Arab Gulf states and Canada is central to citizenship regulation and labor control, and how racial violence is escalating deadly nationalism in the US, Israel, India, the Philippines, Brazil, and across Europe, while producing a disaster of statelessness for millions elsewhere. A must-read in these difficult times of war, inequality, climate change, and global health crisis, *Border and Rule* is a clarion call for revolution. The book includes a foreword from renowned scholar Robin D. G. Kelley and an afterword from acclaimed activist-academic Nick Estes.

American Politics Today Aug 24 2022 Fake news. Twitter rants. Misinformation. Silos. Echo chambers. Spin. Alternative facts. Investigation, accusation, and obfuscation. Punditry, polls, and prognostication. This is today's politics. To cut through the noise, students need a guide to how politics really works and why it matters. *American Politics Today* has been that trusted source. And the new sixth edition brings even greater focus to examining preconceived notions of how government operates and understanding what's really going on.

Ideology and Politics Oct 14 2021 This book challenges the idea of post-ideological consensus and offers a fresh perspective on the current state of political ideologies. *Ideology and Politics* presents an accessible account of a new era of ideological politics, where the dominant neo-liberalism has spawned a diverse global range of 'ideologies of opposition'. It situates these radical frameworks of change and protest in relation to more traditional 'anti' ideologies and seeks to re-establish the relevance of ideologies for political action in the contemporary world.

British Politics Today Jan 25 2020

Turbulent Times, Transformational Possibilities? Jul 19 2019 This edited collection features state-of-the-art scholarship by diverse contributors on a contemporary array of compelling and contentious gender and politics concerns.

American Politics Today Sep 25 2022 The Fifth Edition of *American Politics Today* is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

Scandinavian Politics Today Dec 16 2021 This volume represents a unique study of contemporary politics and policy-making in the five nation-states and three Home Rule territories of the Nordic region. Written in a lively and readable style by an expert in the field, its approach is systematically thematic and comparative. Chapters deal with current political science issues such as nation-building and state-building, party system change, semi-presidentialism and post-corporatism, as well as addressing intrinsically important regional questions such as whether or not there is a Nordic model of government, a distinctively Scandinavian form of parliamentarism and a superior welfare system. There is also detailed discussion of the Nordic states in their strategic external environment, focusing on the post-war security configuration in northern Europe and the impact of European integration on Scandinavia.

Today the Struggle Jun 22 2022 Many writers, from Aristophanes to Joseph Heller, have written about politics. But at certain periods in history, often at times of conflict and turmoil, writers have consciously used their literary talents to support or oppose a specific cause. The 1930s, a decade of widespread social and political breakdown, was such a period. Today the *Struggle* examines the political involvement of those leading British writers who dedicated their talents to the defense of Nationalists or Loyalists during the Spanish Civil War and who saw that war as symbolic of their own Right-Left dialogue. Conservatives like William Butler Yeats and T. S. Eliot and Roman Catholics like Evelyn Waugh were passionately anti-Communist. They viewed fascism as a bulwark against communism but were unwilling to support the Franco cause actively. Other pro-Nationalists were not so hesitant: Roy Campbell and Wyndham Lewis were ardent participants in the fight against the British left wing. Pro-Loyalists, united only in their antifascism, ranged from conservative to anarchist in political commitment. Their literary contributions included fine poems by W. H. Auden and Stephen Spender, experimental drama by Auden and Christopher Isherwood, and impassioned prose by Rex Warner, George Orwell, and Aldous Huxley. Katharine Hoskins's principal interest in *Today the Struggle* is to discover how and why certain writers supported specific political actions, to ascertain the effectiveness of their efforts, and to evaluate the influence of these efforts on their work.

British Politics Today Mar 07 2021 Over the last thirty-five years British politics has undergone something of a revolution: the collapse of strong class allegiance to parties; the recovery of an

economy once perceived to be in terminal decline; the near twenty-year rule of the Tories; and the extraordinary emergence and establishment of the Blairite New Labour Party. Together with these changes we have also seen: the reshaping of the civil service; the establishment of devolved assemblies; the reform of the Lords; the decline of ideology; the apparent crushing of the Conservative Party; and the ubiquity of media management as a tool of political persuasion. This text outlines and contextualizes these major changes, and more.

Muslims and US Politics Today Jun 10 2021 The twenty-first century has been a volatile period for American Muslims. Yet despite anti-Muslim bias, American Muslims now have unprecedented avenues of influence in US politics. In this critically-timed volume, Mohamed Hassan Khalil has drawn on leading scholars to provide a deep look at the rich political history and future of American Muslims.
