The Prisoner Apr 24 2022 A sweeping account of imprisonment—in time, in language, and in a divided country—from Korea's most acclaimed novelist In 1993, writer and democracy activist Hwang Sok-yong was sentenced to five years in the Seoul Detention Center upon his return to South Korea from North Korea, the country he had fled with his family as a child at the start of the Korean War. Already a dissident writer well-known for his part in the democracy movement of the 1980s, Hwang's imprisonment forced him to consider the many prisons to which he was subject—of thought, of writing, of Cold War nations, of the heart. In this capacious memoir, Hwang moves between his imprisonment and his life—as a boy in Pyongyang, as a young activist protesting South Korea's military dictatorships, as a soldier in the Vietnam War, as a dissident writer first traveling abroad—and in so doing, narrates the dramatic revolutions and transformations of one life and of Korean society during the twentieth century.

[The Graybar Hotel](#) Sep 05 2020 'In Curtis Dawkins's first short story collection, he offers a window into prison life through the eyes of his narrators and their cellmates. Dawkins reveals the idiosyncrasies, tedium, and desperation of long-term incarceration—he describes men who struggle to keep their souls alive despite the challenges they face. In 'A Human Number,' a man spends his days collect-calling strangers just to hear the sounds of the outside world. In '573543,' an inmate recalls his descent into addiction as his prison softball team gears up for an annual tournament against another unit. In 'Leche Quemada,' an inmate is released and finds freedom more complex and baffling than he expected. Dawkins's stories are funny and sad, filled with unforgettable detail—the barter system based on calligraphy-ink tattoos, handmade cards, and cigarettes; a single dandelion smuggled in from the rec yard; candy made from powdered milk, water, sugar, and hot sauce. His characters are nuanced and sympathetic, despite their obvious flaws. The [Graybar Hotel](#) tells moving, human stories about men enduring impossible circumstances.' -

[The Prisoner Society](#) Dec 29 2019 While the use of imprisonment continues to rise in developed nations, we have little sociological knowledge of the prison's inner world. Based on extensive fieldwork in a medium-security prison in the UK, HMP Wellingsborough, [The Prisoner Society: Power, Adaptation and Social Life in an English Prison](#) provides an in-depth analysis of the prison's social anatomy. It explains how power is exercised by the institution, individualizing the prisoner community and demanding particular forms of compliance and engagement. Drawing on prisoners' life stories, it shows how different prisoners experience and respond to the new range of penal practices and frustrations. It then explains how the prisoner society - its norms, hierarchy and social relationships - is shaped both by these conditions of confinement and by the different backgrounds, values and identities that prisoners bring into the prison environment.

[The Older Prisoner](#) Mar 12 2021 This book critically explores the world of older prisoners to provide a more nuanced understanding of imprisonment at old age. Through an ethnographical study of male and female older prisoners in two Belgian prison settings, one in which older prisoners are integrated and one in which they are segregated, it informs debates and seeks to recognise ageist discourse, attitudes, practices in prison. The [Older Prisoner](#) seeks to situate the older prisoner from both a penological and gerontological perspective, organised around the following broad themes: the construction of the older prisoner, the physical prison world, the social prison world, surviving prison and giving meaning. The book allows readers to navigate between contrasting perspectives and voices rather than reinforcing traditional narratives and prevailing discourses on the older prisoner. In doing so, it hopes to open up a broader dialogue on ageing and punishment. It also offers insights into the concept of meaning in life as an analytical tool to study prisoners.

[A Prison Diary](#) Volume 1 Sep 17 2021 Hell, the first volume in Jeffrey Archer's [The Prison Diaries](#), is the author's daily record of the time he spent there. The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating insight into prison life.

[Prisoner of Tehran](#) Aug 29 2022 Follows the author's tragic childhood in 1980s Iran, which was shaped by war, the Khomeini regime, and her work as a teen anti-propaganda activist, efforts for which she was brutally beaten and sentenced to death before a guard offered to save her and protect her family if she would convert to Islam and marry him. Reprint. 40,000 first printing.

[Mother of a Prisoner](#) Jan 28 2020 The personal account of a former prison ministry volunteer whose son becomes a ward of the criminal justice system.

[The Pixelated Prisoner](#) Aug 17 2021 Technological linkages between justice and law enforcement agencies are radically altering criminal process and access to justice for prisoners. Video links, integral to an increasingly networked justice matrix, enable the custodial appearance of prisoners in remote courts and are becoming the dominant form of court appearance for incarcerated defendants. This book argues that the incorporation of such technologies into prisons is not without consequence: technologies make a critical difference to prisoners' experiences of criminal justice. By focusing on the prison endpoint and engaging with the population most affected by video links - the prisoners themselves - this book interrogates the legal and conceptual shifts brought about by the technology's displacement of physical court appearance. The central argument is that custodial appearance has created a heightened zone of demarcation between prisoners and courtroom participants. This demarcation is explored through the transformed spatial, corporeal and visual relationships. The cumulative demarcations challenge procedural justice and profoundly recompose prisoners' legal experiences in ways not necessarily recognised by policy-makers.

[Letters to a Prisoner](#) Oct 07 2020 A wordless story about the power of words

[Prisoners on Prison Films](#) Mar 24 2022 This book explores how an audience of men serving sentences in an English prison responded to viewing five contemporary British prison films. It examines how media representations of prison vary in style and content, how film can influence public attitudes, and how this affects people in prison. The book explains the ways in which film acts as a power resource, presenting an ideological vision of criminal justice. The audience uses these films to map the social terrain of prison, including issues of power and resistance; race and racism; corruption and the illicit economy; and staff-prisoner relationships, themes which are explored in the films screened. The authors argue that media consumption is one of the ways in which people in prison construct and maintain an ideal of the prisoner culture and what it is to be a 'prisoner'. The book also reveals the ways in which audience members' media choices and readings are part of the ongoing process of constructing their self-identity. This book illuminates the complex ways in which media consumption is an integral part of social power, cultural formation and identity construction. Recognising and engaging with audiencehood offers one potential route for supporting more progressive penal practice. This book speaks to those interested in prisons, crime, media and culture, and film studies.

**My Fellow Prisoners Dec 09 2020** The Russian oil mogul and activist offers reflections on his decades-long incarceration under Putin in this "illuminating and brave" prison memoir (The Washington Post). Mikhail Khodorkovsky was Russia's most successful businessman—and an outspoken critic of the Kremlin. As his oil company Yukos revived the Russian oil industry, Khodorkovsky began sponsoring programs to encourage civil society and fight corruption. Then he was arrested at gunpoint. Sentenced to ten years in a Siberian penal colony on fraud and tax evasion charges in 2003, Khodorkovsky was put on trial again in 2010 and sentenced to fourteen years on new charges that contradicted the previous ones. While imprisoned, Khodorkovsky fought for the rights of his fellow prisoners, going on hunger strike four times. After he was pardoned in 2013, he vowed to continue fighting for prisoners' rights, and this book is dedicated to that work. A moving portrait of the prisoners Khodorkovsky met, *My Fellow Prisoners* is an eye-opening account of Russia's brutal prison system. "Vivid, humane and poignant" —Financial Times

**The Prisoner Nov 19 2021 I am not Number 6. I am not a prisoner. I am a free man. This is the classic novel of the TV series The Prisoner, by cult author Thomas M. Disch. First published in 1968, this new edition celebrates the long-awaited remake of the series, from ITV1 and the producers of Mad Men, starring Sir Ian McKellen and Jim Caviezel. Combining the power of a great spy thriller with Orwellian science fiction, The Prisoner follows a former British secret agent who has quit the force, only to find himself trapped in an anonymous place called the Village. Known only as Number 6, he struggles to maintain his identity in the face of the nameless powers-that-be, who use increasingly sophisticated and terrifying methods to extract his secrets.**

**The English Prisoner Jan 10 2021** In July 2003 young Englishman Tig Hague was on a routine business trip to Moscow when he was arrested at the airport. Within hours he was accused of a major crime. Next, he was tried and transported hundreds of miles to the remote, forsaken wastes of Mordovia. And prison camp Zone 22. Sentenced to spend the next four years there, every day was a struggle against disease, freezing temperatures, malnutrition, the unpredictable, sometimes terrifying behaviour of the camp guards and his fellow prisoners. But, most of all, it was a fight to ensure his own psychological survival. Only the thought of his girlfriend Lucy, fighting Russia's corrupt and labyrinthine legal system, kept Tig sane - and gave him a reason to see each day to its end. The English Prisoner is an extraordinary story of endurance, as one man - plucked from his normal, everyday life - is forced to reach deep inside himself to survive life in one of the bleakest outposts in the world: Russia's vast and unforgiving 'forgotten zone'.

**Being and Becoming an Ex-Prisoner Jun 26 2022** Despite broad scholarship documenting the compounding effects and self-reproducing character of incarceration, ways of conceptualising imprisonment and the post-prison experience have scarcely changed in over a century. Contemporary correctional thinking has congealed around notions of risk and management. This book aims to cast new light on men's experience of release from prison. Drawing on research conducted in Australia, it speaks to the challenges facing people leaving prison and seeking acceptance amongst the non-imprisoned around the world. Johns reveals the complexity of the post-prison experience, which is frequently masked by constructions of risk that individualise responsibility for reoffending and reimprisonment. This book highlights the important role of community in ex-prisoner integration, in providing opportunities for participation and acceptance. Johns shows that the process of becoming an 'ex-prisoner' is not simply one of individual choice or larger structural forces, but occurs in the spaces in between. *Being and Becoming an Ex-Prisoner* reveals the complex interplay between internal and external meanings and practices that causes men to feel neither locked up, nor wholly free. It will appeal to scholars and students interested in desistance, criminology, criminological or penological theory, sociology and qualitative research methods.

**Daddy's Prisoner Jun 14 2021** In April 2008, the world watched in horror as the news of Josef Fritzl made worldwide headlines. But for one British woman the story was not the stuff of unimaginable nightmares. Alice Lawrence knew all too well the torture suffered at the hands of a father whose depravity knew no bounds. She too was kept prisoner and repeatedly made pregnant - and it was only after the death of one of her babies that she finally found the courage to escape. Born in 1970, Alice grew up in the impoverished backstreets of an industrial Northern town with her parents and seven brothers and sisters. She was first raped by her father when she was 11. From the age of 15, she was made pregnant six times by him in an effort to secure additional state benefits. All but one of her pregnancies failed, but her daughter never made it through her first year. The death of her baby was the spur to Alice bringing her father and abuser to justice. Finally, Alice can tell her deeply moving story of recovery from abuse.

**The Palgrave Handbook of Prison and the Family Oct 26 2019** This handbook brings together the international research focussing on prisoners' families and the impact of imprisonment on them. Under-researched and under-theorised in the realm of scholarship on imprisonment, this handbook encompasses a broad range of original, interdisciplinary and cross-national research. This volume includes the experiences of those from countries often unrepresented in the prisoner's families' literature such as Russia, Australia, Israel and Canada. This broad coverage allows readers to consider how prisoners' families are affected by imprisonment in countries embracing very different penal philosophies; ranging from the hyper-incarceration being experienced in the USA to the less punitive, more welfare-orientated practices under Scandinavian 'exceptionalism'. Chapters are contributed by scholars from numerous and diverse disciplines ranging from law, nursing, criminology, psychology, human geography, and education studies. Furthermore, contributions span various methodological and epistemological approaches with important contributions from NGOs working in this area at a national and supranational level. The Palgrave Handbook of Prison and the Family makes a significant contribution to knowledge about who prisoners' families are and what this status means in practice. It also recognises the autonomy and value of prisoners' families as a research subject in their own right.

**The Prisoner Nov 07 2020** With a mission pending in France, fourteen year-old Marc Kilgour, a secret agent, attempts to escape the German prison deep inside the enemy's territory.

**Prisoner of Love Jul 24 2019** Starting in 1970, Jean Genet—petty thief, prostitute, modernist master—spent two years in the Palestinian refugee camps in Jordan. Always an outcast himself, Genet was drawn to this displaced people, an attraction that was to prove as complicated for him as it was enduring. *Prisoner of Love*, written some ten years later, when many of the men Genet had known had been killed, and he himself was dying, is a beautifully observed description of that time and those men as well as a reaffirmation of the author's commitment not only to the Palestinian revolution but to rebellion itself. For Genet's most overtly political book is also his most personal—the last step in the unrepentantly sacrilegious pilgrimage first recorded in *The Thief's Journal*, and a searching meditation, packed with visions, ruses, and contradictions, on such life-and-death issues as the politics of the image and the seductive and treacherous character of identity. Genet's final masterpiece is a lyrical and philosophical voyage to the bloody intersection of oppression, terror, and desire at the heart of the contemporary world.

**The Little Prisoner May 26 2022** From the age of four, Jane Elliott was forced to carry a terrible secret... Dominated, bullied and sexually abused by her stepfather for 17 years, *The Little Prisoner* is a devastating true story of one girl's struggle for freedom.

**The Prisoner Sep 29 2022** Kerry Tucker seemed to be a typical suburban mother of two, but she was harbouring a terrible secret: over the years she had stolen \$2 million from her employers. When her crime was discovered she was sentenced to seven years at a maximum-security prison, alongside some of Victoria's most notorious criminals. Being incarcerated with murderers and drug dealers was not nearly as daunting, however, as having to tell her two young daughters why she was leaving them. The shame was almost unbearable. She knew that she could give in to the shame or learn from it - and she owed it to her children to learn. Kerry quickly adapted to the prison regime and set about using her skills to successfully represent women in internal court, parole hearings and child welfare issues. She also introduced her own awareness programs and encouraged inmates to enrol in courses. Taking her own advice she began to study for a Master of Arts, and when she completed her degree the full university graduation ceremony was the first to be held inside an Australian prison. Today Kerry has gone on to attain a PhD and has been reunited with her daughters. She considers jail a gift because it has given her a purpose - to help educate disadvantaged women.

**The Prisoner Jul 28 2022** Little of what we know about prison comes from the mouths of prisoners, and very few academic accounts of prison life manage to convey some of its most profound and important features: its daily pressures and frustrations, the culture of the wings and landings, and the relationships which shape the everyday experience of being imprisoned. *The Prisoner* aims to redress this by foregrounding prisoners' own accounts of prison life in what is an original and penetrating edited collection. Each of its chapters explores a particular prisoner sub-group or an important aspect of prisoners' lives, and each is divided into two sections: extended extracts from interviews with prisoners, followed by academic commentary and analysis written by a leading scholar or practitioner. This structure allows prisoners' voices to speak for themselves, while situating what they say in a wider discussion of research, policy and practice. The result is a rich and evocative portrayal of the lived reality of imprisonment and a poignant insight into prisoners' lives. The book aims to bring to life key penological issues and to provide an accessible text for anyone interested in prisons, including students, practitioners and a general audience. It seeks to represent and humanize a group which is often silent in discussions of imprisonment, and to shine a light on a world which is generally hidden from view.

**Prisoner Dec 21 2021** The Inspiration for the New Podcast Featuring Jason Rezaian. "544 Days" is a Spotify original podcast, produced by Gimlet, Crooked Media and A24. The dramatic memoir of the journalist who was held hostage in a high-security prison in Tehran for eighteen months and whose release—which almost didn't happen—became a part of the Iran nuclear deal in July 2014. Washington Post Tehran bureau chief Jason Rezaian was arrested by Iranian police, accused of spying for America. The charges were absurd. Rezaian's reporting was a mix of human interest stories and political analysis. He had even served as a guide for Anthony Bourdain's *Parts Unknown*. Initially, Rezaian thought the whole thing was a terrible misunderstanding, but soon realized that it was much more dire as it became an eighteen-month prison stint with impossibly high diplomatic stakes. While in prison, Rezaian had tireless advocates working on his behalf. His brother lobbied political heavyweights including John Kerry and Barack Obama and started a social media campaign—#FreeJason—while Jason's wife navigated the red tape of the Iranian security apparatus, all while the courts used Rezaian as a bargaining chip in negotiations for the Iran nuclear deal. In *Prisoner*, Rezaian writes of his exhausting interrogations and farcical trial. He also reflects on his idyllic childhood in Northern California and his bond with his Iranian father, a rug merchant; how his teacher Christopher Hitchens inspired him to pursue journalism; and his life-changing decision to move to Tehran, where his career took off and he met his wife. Written with wit, humor, and grace, *Prisoner* brings to life a fascinating, maddening chapter in all its complexity. "An important story. Harrowing, and suspenseful, yes—but it's also a deep dive into a complex and egregiously misunderstood country with two very different faces. There is no better time to know more about Iran—and Jason Rezaian has seen both of those faces." —Anthony Bourdain "Jason paid a deep price in defense of journalism and his story proves that not everyone who defends freedom carries a gun, some carry a pen." —John F. Kerry, 68th Secretary of State

**A Life Inside May 14 2021** Nineteen years ago, while still in his twenties, Erwin James was sentenced to life imprisonment. Over the past three years, he has written about prison life for the Guardian. This book brings together these pieces. In *A Life Inside*, James writes about learning the who, what, why and when of the prison world. He describes the struggle to keep sane; the dynamics of paranoia and solidarity between men forced into years of co-existence; and the commitment that it takes to prepare for life outside. Along the way, James introduces us to other prisoners. There is Rinty, the big Dundonian and enthusiastic fan of Antiques Roadshow; Cody, the elderly former sergeant who still protests his innocence after twenty-four years; and Felix the Gambler - serial schemer and sometime Buddhist. It is through their stories, told with humour and warmth, that James reveals the reality of prison life.

**Strangeways Jun 02 2020** This Sunday Times bestseller is a shocking and at times darkly funny account of life as a prison officer in HMP Manchester. 'Authentic, tough, horrifying in some places and hilarious in others... the author's honesty and decency shine through' - Jonathan Aitken  
Neil 'Sam' Samworth spent eleven years working as a prison officer in HMP Manchester, aka Strangeways. A tough Yorkshireman with a soft heart, Sam had to deal with it all - gangsters and gangbangers, terrorists and psychopaths, addicts and the mentally ill. Men who should not be locked up and men who should never be let out. He tackles cell fires and self-harmers, and goes head to head with some of the most dangerous men in the country. He describes being attacked by prisoners, and reveals the problems caused by radicalization and the drugs flooding our prisons. As staffing cuts saw Britain's prison system descend into crisis, the stress of the job - the suicides, the inhumanity of the system, and one assault too many - left Sam suffering from PTSD. *Strangeways* by Neil Samworth is a raw, searingly honest memoir that is a testament to the men and women of the prison service and the incredibly difficult job we ask them to do. 'A frequently shocking read' - Daily Express

**Prisoners Apr 12 2021** Jeffrey Goldberg moved from Long Island to Israel while still a college student. In the middle of the first Palestinian uprising in 1990, the Israeli army sent him to serve as a prison guard at Ketziot, the largest jail in the Middle East. Realizing that among the prisoners were the future leaders of Palestine, and that this was a unique opportunity to learn from them about themselves, he began an extended dialogue with a prisoner named Rafiq. This is an account of life in that harsh desert prison and of that dialogue—the accusations, explanations, fears, prejudices and aspirations each man expressed—which continues to this day. *Prisoners* is a remarkable book: spare, impassioned, energetic, and unstinting in its candour about both the darkness and the hope buried within the animosities of the Middle East. The book is full of a refreshing self-deprecatory wit and much insight' Sunday Times 'A lucid, layered memoir' The Scotsman 'A vivid account of the passions and prejudices, the tensions and terrors that exist in every camp, and every household, in today's volatile Middle East' Oprah Magazine (US)
