**From Good to Grace** Nov 03 2022 Many women feel as if they do not do enough and are not enough. They're always trying hard to be good: a good friend, mom, wife, Christian, employee, or ministry leader, hoping for that "atta-girl" from God. With compelling illustrations from her own life, Christine Hoover leads readers to the understanding that they're living by a lesser gospel, the gospel of goodness, one without Christ's grace. Relying on Scripture, they can start asking, "What does God want for me?" before asking, "What does God want from me?" Women will breathe a sigh of relief at this powerful message of freedom and hope. Rather than serving God out of obligation or duty, they'll be compelled to love and serve God with great joy.

**The Stages of Grace** Mar 15 2021 This book was written out of a desire to share with others who have loved ones with Alzheimer's disease what I have experienced as Grace's caregiver and friend. I wanted to capture the emotions, the expected and unexpected issues, the painful times as well as the humorous and loving moments that Grace and I have shared as a result of this disease. This is not meant to be a handbook for dealing with Alzheimer's disease, but I hope that by sharing my feelings and experiences, readers may recognize that they are not alone on this particular journey.

[Grace's Window](#) Apr 15 2021 In this popular book first published in 1996, Suzanne Guthrie teaches us about the seasons of prayer by letting us enter her own in these forty meditations that stretch from Advent through Pentecost. "Pray as you are drawn to pray," she tells us, not as someone has told you how to pray." Against the landscape of northern California, the author gently leads us through the ancient 'illuminative way' of prayer, learning to see the extraordinary reality of God in the ordinary - the dry grass and circling hawks, raging firestorms in summer and the heavy winter rains.

**Dying with Grace** Jul 31 2022 This is a book about living, even as one is dying. It is a book about the choices we make: choosing spiritual risk rather than security; choosing surrender to a hunger for God, rather than hanging on to life or fighting death. It is a book on how the quality of ones relationships with God, creation, self, and others can either help or hinder the dying process. Living well does indeed contribute to dying well. Dying with Grace: a Conscious Commitment to the Dying Process is the story of Franks ability to let go of control, enjoy his last days, and move toward the unknown and unknowable. Though alert in mind and spirit, Franks body was as good as paralyzed. Yet he remained curious about walking through the valley of death, leaning into the process with dignity and grace. Experiencing pain and suffering, joy and love, he lived life immersed in the rhythm of nature, and died in that same rhythm. To the very end, he never lost consciousness. Dying with Grace is written as a reflective text for family members who are caring for dying relatives; for parish workers, nurses, and social workers assisting individuals and families during the dying process. The book sheds light on what it means to die as one lives and invites the reader to contemplate just how the dying experience may be spiritually transformative for both family and friends as well as for the one who is passing. The frightened, the skeptical, the devastated, the hope-filled, faith believers and non-believers alike can benefit from this book.

**Traveling on Grace Street** Sep 08 2020 Traveling on Grace Street The most important lesson I have learned in the fifty years I have spent working toward the building of a better world is that the true work of social transformation starts within. It begins inside your own heart and mind. Thus, to truly revolutionize our society, we must first revolutionize ourselves. It's been a long journey, all the way from stepping off a cotton farm in Alabama

to the epicenter of the struggle for civil rights in America. Some days when I go to my office in the early morning and look out over the great monuments beyond the Capitol, I think, How could this be? How could a poor boy from Alabama have lived such a life? I tell you, it has been the grace of God. Jeff Blake, a brother from Alabama, has written the story of grace in his own journey, and I am pleased to commend his *Traveling on Grace Street* to you. He too has been in the struggle. He too has kept his eye on the prize. John Lewis United States Congressman Atlanta, Georgia [Rediscovering the Stars with Grace](#) Oct 22 2021 A story of healing and finding love again. *Ecologies of Grace* Nov 10 2020 Christianity struggles to show how living on earth matters for living with God. While people of faith increasingly seek practical ways to respond to the environmental crisis, theology has had difficulty contextualizing the crisis and interpreting the responses. In *Ecologies of Grace*, Willis Jenkins presents a field-shaping introduction to Christian environmental ethics that offers resources for renewing theology. Observing how religious environmental practices often draw on concepts of grace, Jenkins maps the way Christian environmental strategies draw from traditions of salvation as they engage the problems of environmental ethics. He then uses this new map to explore afresh the ecological dimensions of Christian theology. Jenkins first shows how Christian ethics uniquely frames environmental issues, and then how those approaches both challenge and reinhabit theological traditions. He identifies three major strategies for making environmental problems intelligible to Christian moral experience. Each one draws on a distinct pattern of grace as it adapts a secular approach to environmental ethics. The strategies of ecojustice, stewardship, and ecological spirituality make environments matter for Christian experience by drawing on patterns of sanctification, redemption, and deification. He then confronts the problems of each of these strategies through critical reappraisals of Thomas Aquinas, Karl Barth, and Sergei Bulgakov. Each represents a soteriological tradition which Jenkins explores as an ecology of grace, letting environmental questions guide investigation into how nature becomes significant for Christian experience. By being particularly sensitive to the ways in which environmental problems are made intelligible to Christian moral experience, Jenkins guides his readers toward a fuller understanding of Christianity and ecology. He not only makes sense of the variety of Christian environmental ethics, but by showing how environmental issues come to the heart of Christian experience, prepares fertile ground for theological renewal.

Abiding Grace Jul 19 2021 Post-war, post-industrialism, post-religion, post-truth, post-biological, post-human, post-modern. What succeeds the post-age? Mark C. Taylor returns here to some of his central philosophical preoccupations and asks: What comes after the end? Abiding Grace navigates the competing Hegelian and Kierkegaardian trajectories born out of the Reformation and finds Taylor arguing from spaces in between, showing how both narratives have shaped recent philosophy and culture. For Hegel, Luther's internalization of faith anticipated the modern principle of autonomy, which reached its fullest expression in speculative philosophy. The closure of the Hegelian system still endures in the twenty-first century in consumer society, financial capitalism, and virtual culture. For Kierkegaard, by contrast, Luther's God remains radically transcendent, while finite human beings and their world remain fully dependent. From this insight, Heidegger and Derrida developed an alternative view of time in which a radically open future breaks into the present to transform the past, demonstrating that, far from autonomous, life is a gift from an Other that can never be known. Offering an alternative genealogy of deconstruction that traces its pedigree back to readings of Paul by way of Luther, Abiding Grace presents a thoroughgoing critique of modernity and postmodernity's will to power and mastery. In this new philosophical and theological vision, history is not over and the future remains endlessly open.

God has provided everything we need for a truly meaningful, joy-filled life here on earth...all because of His marvelous grace. Rest in God's grace, and let Him live through you.
